

Dear UCSC Student,

The Physics Department at UCSC has selected Wolfson's *Essential University Physics with MasteringPhysics* for use in the PHYS 6 sequence. *Essential University Physics* is a concise and progressive calculus-based physics textbook that offers clear writing, great problems, and interesting real-life applications. The textbook is split into two volumes, and you will need both for PHYS 6B.

MasteringPhysics helps you master the toughest topics with online tutorials that provide personal feedback and individual coaching. You can prepare for exams using practice quizzes and visualize difficult concepts with Interactive Figures and Self-Guided tutorials all while learning at your own pace. Two extra Mastering features that you may not know about are:

- ActivPhysics OnLine includes over 400 simulations with 1000s of self-study questions and answers inside MasteringPhysics.
- Pearson Tutor Services powered by SMARTHINKING allows you to call a tutor on the phone during homework hours on weekday afternoons.

Every access code packaged with a new textbook in the bookstore or purchased online is good for 12 months. If you already have access from a code you registered in the Fall or Winter, turn the page to enroll in your professor's course. Otherwise, if you need to purchase access to MasteringPhysics, you can do so using one of the options below.

New Book with MasteringPhysics™

ISBN 0805302964

\$120

Walk on over to the Bay Tree Bookstore to pick up the textbook package with MasteringPhysics included at a discount.

MasteringPhysics™

ISBN 0805304967

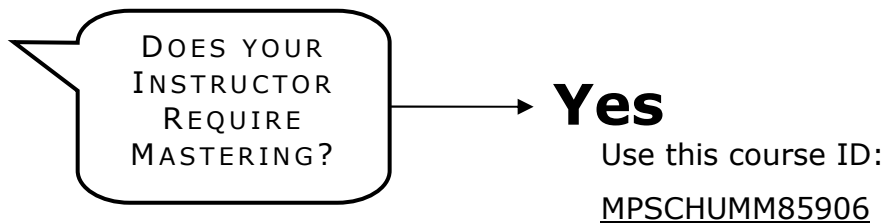

\$45-47

You can purchase a Student Access Kit in the Bay Tree Bookstore or online at www.masteringphysics.com.

PEARSON

Registration Instructions

MasteringPhysics is designed to provide you with customized coaching and individualized feedback to help improve problem-solving skills. Students using MasteringPhysics tutorials make 15% fewer errors, solve problems 15% faster and perform better on exams.

If you ARE registered for Mastering, simply login to Mastering. Since your old course has expired, you should be prompted to enter a new course ID. If your course hasn't expired yet, you can "Ask a Question" at <http://247pearsoned.custhelp.com> to have technical support move you to the new Course ID.

If you ARE NOT registered for Mastering, visit www.masteringphysics.com. Click "New Students" under the Register section. You will need these four things to register:

A. A MasteringPhysics Student Access Code

Packaged with your new text, standalone at your bookstore, or available for purchase with a major credit card at www.masteringphysics.com.

B. Course ID Number

MPSCHUMM85906

C. School Zip Code

95064

D. Valid Email Address

We recommend that you use your email address as your username as well, that way it's easy to remember. Be sure that your password passes the strength test.

If you need help, visit <http://247pearsoned.custhelp.com> for live chat, email or phone support.
